## POPULAR KC COWBOY AND RANCHER DIES

Howard Benjamin, the perennial cowboy who converted a family dairy farm into a Western outpost in South Kansas City, past away in July of last year due to complications associated with leukemia. He was 66 years old.

Benjamin, a lifelong resident of Kansas City, owned and operated the historic Benjamin Ranch near 87th Street and Hillcrest Road. The ranch was purchased by the Benjamin family in 1885 and was used as a dairy farm. In the 1950's, Benjamin converted the farm into a ranch for horseback riding. Its rustic hills, caverns and foliage became a destination point for hundreds of convention

parties and corporate events. More than 100,000 people visit the ranch each year to get a taste of the western frontier. The ranch house is home to the annual Greater Kansas City Jaycees Rodeo. The rodeo, which celebrated its 41st year earlier this summer, is sanctioned by the Professional Rodeo Cowboys Association. A portion of each years rodeo proceeds benefit area charities.

Floyd Thomas has wooden nickels in his collection from past rodeo events that were printed up by Howard Benjamin. The 1970 issue has two woods with a buffalo on them. One has three stars on the back and the other without stars. Other noted issues are from 1971, 1972, 1975, 1976, 1978, 1985 and 1986. There might be other wood issues from their annual rodeo that are still unknown at the time of this printing. If you have any of these wood issues, please send information to Floyd Thomas, 6505 Mullen Road, Shawnee, KS. 66216-2142

Article and copies of the wood issues were submitted to Bunyan's Chips by Floyd Thomas~~~Thanks Floyd~~~

SEND YOUR WANT LIST OUT FOR FREE!

Make contact with members who can help you with the woods you are looking for without the trouble of making copies and mailing them out at your expense! Send your want list to Chips, we will assign a code I.D. to it, put it on file and list it in a later issue of the newsletter as to the type of woods you are looking for. Members can then contact the club editor and request a copy of the list by the code number. It will then be placed in their next newsletter issue. The name on the members want list will not be known until it is received in the newsletter issue by the person who has requested it. Larger want lists may require a return on the cost of postage to mail them out. If you would like to take part in this FREE offer then send your want list to Chips. It need not be anything more than hand written if you so want it. If this program goes over well enough we will make it on going. Send your list to the address at the top of your newsletter.~~~~~Editor~~~~~

Four times per year we send out the newsletters with a stamp which reads "RETURN SERVICE REQUIRED." This is a service that the post office provides to bulk mailers. Newsletters are returned if there is an error in the address, party has moved or if they have passed away. During this service we have between 4 and 12 newsletters returned. Most read that the party is "Temporarily Away." This costs the club an additional 55 cents for every newsletter that is returned. I'm holding the ones that have been returned during the past four months. Members who have been away and are missing issues from last year need only send me a post card telling which months you are missing and they will be mailed out to you. If you do plan to be away from your mailing address for two months or more, please drop the editor a post card and I will hold Bunyan's Chips until your return. This will save the extra postage cost and insure that your news letters are on hand to enjoy upon your return. Thank You~~~~~Editor~~~~~

### 8th Edition Guide Book of Wooden Money

Guide book covers all known official issues from 1931 to 1994 listed by each state. There are 173 pages that make for a great reference when starting a collection or putting woods into a current collection. Many collectors have two issues so that they can make notes or mark off the woods they have in their collection in one book, while keeping the second for their personal library. Guide books sell for \$18.00 and the mailing is postpaid to you. With old man winter keeping many of us in doors, bundle up in your favorite chair and enjoy a walk through the woods that this book will bring you. Send your check or money order for \$18.00 to Wayne Dennis, 1852 Golden Shadow Drive, Henderson, NV. 89015-8620 Let him know you saw the ad in the newsletter about it! ~~~~~Editor~~~~~

## WALTER LOUDON JAN. 30, 1899-JAN. 20, 1999

On Jan. 20, 1999, Walter Loudon died of pneumonia at the veterans hospital, Ste. Anna de Bellevue, Quebec (situated about 20 miles west of Montreal). Born on Jan. 30, 1899, Walter was 9 days short of his 100th birthday. Mr. Loudon was buried in Montreal Memorial Park next to his wife who passed away back in 1961.

Walter spent his youth in Calgary and remembered when roads were nothing more than packed dirt, the first rodeo's that were held in Calgary and when he fought in World War 1. Walter altered his age so that at 16 he

could join the Canadian Army's Alberta-based 10th infantry battalion. He arrived at the front in 1916, in time to take part in the murderous Battle of the Somme, when British and French forces suffered 615,000 casualties in the space of five months. Loudon went on to fight at Vimy Ridge, where Canadian troops helped change the course of the war, and Cambrai, when the first massed tank attack in military history occurred. Part of Walter's right ear was shot off by a bullet and he returned to England. During his stay there he trained new soldiers. When discharged from the Army, Walter was a Sergeant. On Nov. 4, 1999, Mr. Loudon made a trip back to France as part of a delegation of 17 First World War survivors on a pilgrimage to the old battlefields to mark the anniversary of the 1918 armistice. The Vimy memorial to Canada's fallen gleams on the ridge, 80 years after the end of the war. During an interview by Maclean's (Canada's publication such as our Reader's Digest) Special Report-"The Lessons of War", Walter states that "Young people need to know what happened and how so many of their forefathers died". Walter reflected that he had a sharp mind and had no trouble recalling times & events from the war. Mr. Loudon was but one of the 800 or so remaining veterans in Canada that fought in the First World War. Walter held an honorary life membership in the Canadian Association of Wooden Money Collectors, Canadian Numismatic Association, Ontario Numismatic Association, the Regina Coin Club and the I.O.W.M.C.. Mr. Loudon had many woods printed up going back to the early 80's. Some of his issues related to his activities in World War 1, his regiment and his branch of the Canadian Legion in Montreal. He also collected foreign and Canadian mint sets along with the woods that he had in his collection.

### FROM THE EDITOR'S DESK

Thank you to the members who took the time to send in material for our newsletter. A big thank you to the members who wrote and said how much they look forward to receiving their newsletter. Editor's need this once in awhile to know they are doing something right along with their errors. I believe we still have some mavericks that need a brand put on them. Check your collections and let's round up what is left of these wild ones. Upon posting the answers, I'll start up another round-up of some more for you to find out about. Still looking for want lists to start coming in as well! Until next month this is IOWMC Editor-Robbin Quinn.

### IOWMC ANNUAL BENEFIT/RAFFLE DRAWING

It is just about that time of year to remind members of the Benefit/Raffle Drawing that IOWMC has yearly to help off-set additional expenses we have in our organization. As you all know we just had an increase in postage. This project has helped to defray club expenses and so far we haven't had to increase membership dues. As President Cushing wrote in one of his earlier "President's Say", he has asked me to be chairperson again. As usual, I'm starting early to get things moving. The response was great in last year's and some members liked the idea that they were able to bid on auction lots, since they were not able to attend. I will try my best to have the mail bid in Chips so you can participate, if unable to make the annual meeting in August at Chicago.

Membership participation has been great and I'm calling on you all once again. Material is needed for door prizes and for the auction. The sooner your donations are received, it will give me more time to work on total prizes to be given and total of auction lots. When sending in your contribution, please designate if you want your items to be a door prize or if it is for the auction. All inquiries and donations for the 1999 IOWMC FUND RAISING PROJECT should be sent to: VIRGINIA DENNIS, 1852 GOLDEN SHADOW DR., HENDERSON, NV. 89015-8620. Thank you in advance for your effort and support

**"COFFEE TOKENS CATALOGED"**

In March of 1997, Merlin K. Malehorn offered to sell a published catalog on coffee tokens. It lists over 2000 Sambo's, over 1000 wooden nickels with the word "coffee" on them and a few hundred metal, plastic & fiber tokens which have the word "coffee" in their inscriptions. The Sambo's section is fairly strong on pictures. One page samples are given on the other two sections as well. Since then a 20 page supplement has been issued to go with the catalog. Another supplement is going to the printers for 1998 that adds another 20 pages to the listing that shows more wooden nickels and Sambo's issues. The catalog sells for \$25.00 postpaid. The supplements are free to purchasers of the catalog. Send your request to: Merlin K. Malehorn, 6837 Murray Lane, Annandale, VA. 22003

Once again this year for the convention in Chicago I have taken the liberty of blocking out a group of rooms for the wooden money collectors at a Motel 6 near the convention arena. It is at Motel 6, 9408 W. Lawrence Ave., Schiller-Park, Il., which is about (3) miles from the convention center. Rooms can be reserved by calling the motel directly at (847) 671-4282. The confirmation number is 55998. Remember to state that you are with the IOWMC. Driving directions are as follows: From East or West on I-90, Kennedy Expressway, take exit 79A South to Cumberland Ave. for 1 mile. Turn right onto Lawrence Ave. for 1 mile. The motel will be on the right side of you. From the South on I-294, take I-90 Eastbound to exit 79A and proceed as directed above. From the North on I 294, follow signs to O'Hare Airport and take O'hare/River Road exit. Follow the signs for River Road (exit 1B), turn right at stop light, the motel is 1 1/4 miles on the right. Hopefully there will be enough cars and drivers at the convention that we can car pool to Rosemount Convention Center and won't need taxi service. This year at the convention the ANA is offering the club a free table on the Mid-Way as opposed to last year in Portland. I believe that the table is a vital part of recruiting new members but it does have to be manned by volunteers. This year the stipulation is that those attending to the table must be ANA members. So I am asking members who are ANA members and willing to donate their time to talk to prospective members and hand out literature and other goodies to Please send me your ANA membership number so that I can register you for the table. We signed up a total of 14 new members at last years ANA convention. It was fun explaining to people that collecting wooden money takes on more of a meaning than "DON'T TAKE ANY WOODEN NICKELS". Many people who stopped by our table had never heard of "Legal Wooden Money" before. The display, which contained Tenino Wooden Money and other forms of Wooden Money, was quite different from the common wooden nickels which they were familiar with. It is my intent to bring that display to Chicago again and have it available at the club table.

## Agape Nickels News Release- "Blessing"-Announced

The third of a planned series of wooden nickels with Christian messages has been produced by wooden money collector A. Craig Hardee. The series, dubbed "Agape Nickels", has the intent of "spreading God's love, one wooden nickel at a time", according to Hardee.

"Agape" is the Greek word in the New Testament which refers to the love God has for mankind. The front of the wood has an "Agape Nickel" design which will remain consistent throughout the series. The reverse of the new releases has the message "May God Bless You In A Special Way Today". Other nickels in the series will have different reverses. The first release of the series is still available in very limited quantities. It has a reverse that reads, "What Would Jesus Do?" The second release, with a Christmas theme, is also available. The reverse of the Christmas Agape Nickel reads, "Jesus Is The Reason For The Season!"

Agape Nickels can be purchased for 4 nickels for \$1.00 plus 55 cent postage, 21 nickels for \$5.00 plus \$1.00 postage or 100 nickels for \$25.00 postpaid. To order, contact: Craig Hardee, P O Box 1780, Apex, NC. 27502

### Donations and consignment wood for club mail bid

If you have woods you wish to dispose of, it can be sent to: Clinton B. List, RR#2, 55 Windsong Dr., Eastham, MA. 02642. Please include your name, address, and whether you have woods for a donation or for a club consignment. Wood sent for consignment gives a 75% return on sold lots. 20% goes to our club and 5% is retained by Clinton to offset the cost of putting the mail bid program together. It is better to contact Mr. List first and let him know what you have than just mail the woods to him.

## WATERMELON DAY---ROCKY FORD, COLORADO

( REPRINTED FROM OCT. '94 BUNYAN'S CHIPS )

In 1871 A. Russell and George W. Swink came from Illinois and built a general store on the south bank of the Arkansas River at a point northwest of the present site of Rocky Ford, Colorado. The bed of the river has in most places much quicksand, so the river bed, which came to be known as Rocky Ford, was a much-used crossing. Indians had crossed here for many years, and Kit Carson, pioneer scout, is said to have given it the name "Rocky Ford". Built on the South side of the river, the store was a long room, constructed of split cottonwood logs set in the ground and covered with poles & dirt. A small room was added on to the rear and served as a shop. As the community increased in number, this store became a center for business, social and religious life. Here settlers took refuge in time of Indian "scares". Because lumber was so scarce and unavailable, the Swink home and Russell hotel were built of adobe (sun-dried brick). The store thrived, so Swink set about starting a cattle business, which was the real reason he came to the west. He also started farming in a small way, using a unique irrigation system. He had his boys bring water from the river and fill barrels, which he set in convenient places. When it was time to irrigate, he would remove the bungs ( a stopper of a cast) from the barrels, and guide the water over his land in small ditches. Things were well under way, when a government agent appeared and brought news that the settlers had no right to this land, which was not part of the St. Vrain Grant, as they had believed. The area was open to settlement only under government claims---homestead, timber or preemption. This was a blow to these pioneers, but they began looking into the matter of government claims. This was just at the same time that the Santa Fe railroad was extending its line to Pueblo, Colorado. Naturally, the settlers wanted to be near the railroad. The village of Rocky Ford, which contained three homes, one hotel, the store and a blacksmith shop, was moved three miles south in 1876. The first permanent home was built by Mr. Swink for his family. In the same year Rocky Ford was put on the map by the placing of a post office there to serve the area. The first Watermelon Day was held in 1878 when Mr. Swick shared his bountiful crop with trainmen and all passengers on the Santa Fe train. The melons were cut on a box car door. The observance was held in this way for several years before being moved to a grove north of town, where the old Liberty school did stand. Later it was moved to the present site of the fairgrounds. Mrs. Mattie Swink Lamon, born June 1, 1874, was the first white child born in old Rocky Ford. She and her younger sister, Mrs. Belle Daring, are the only living children of George W. Swink, founder of Rocky Ford. Mrs. Daring has attended all but one of the 94 Watermelon Days originated by her father. In 1910, she accompanied her father, who was ill, to the Mayo Clinic at Rochester, MN, and so was not present for Watermelon Day. She almost single-handed saved the continuity of Watermelon Day on two occasions. Because of financial difficulties, the Arkansas Valley Fair Association decided not to have a fair on Watermelon Day in 1929. With only 48 hours in which to work, Mrs. Daring spearheaded a movement that made the 52nd Watermelon Day a reality.

Our annual meeting will be in Chicago, IL. this coming August 11-15, 1999 at the Rosemont Convention Center. I have received my first package from Reva Kline in today's mail; and I hope more will be arriving soon. I must start working on this project to get everything lined up; as most of you know, Wayne and I leave home earlier to head for the convention as we use this time to visit friends and family along the way. Time slips by much faster than we would like it too. Robbin Quinn is making some 35th Anniv. cards for his hanging signs. He will be donating some for the auction. More on this later. Please mail your donations as soon as possible. As a reminder a year's free dues is a super prize. Mail all your items to: Virginia H. Dennis, 1852 Golden Shadow Dr., Henderson, NV. 89015-8620

The ANA Convention is just four and a half months away. The Board shall meet on Thursday, August 12, at 11:00 A.M. in room 11. The General meeting shall be on Friday, August 13, 9:30 A.M. in Room 9. Let's hope that the date will not be a significant factor in keeping the superstitious from attending and enjoying the convention. Freddie Krueger is not on the invitation list or a member of IOWMC to the best of my knowledge. In the last newsletter, Virginia Dennis requested donated material for the annual Mail Bid/Auction held at the convention to help defray the costs of running our club and to keep annual dues down to a minimum. Not many clubs you can join today that have dues still at only \$5.00/yearly & receive 11 newsletter issues as well. Clint List does a very fine job of presenting Mail Bids benefiting the club and members throughout the year. The convention Auction/Mail Bid function is just another benefit the members can take advantage of to enhance their collections or interests as the material donated has been varied and plentiful. PLEASE KEEP THE DONATIONS COMING! I was reading the latest Numismatic News (March 2 issue) and found an announcement that the Indian Hill Coin Club of Lake County, Ill. has issued an elongated wooden nickel. As a collector of elongated coins I find this quite interesting and will have to order one for my collection. I have wooden money in the shape of fish, some made from tree branch cuttings, various shapes such as rectangle, round and square so an elongated wood will be a nice addition to my collection. Till Next Time----*Del Cushing*

### PIONEER WOODEN MONEY SOCIETY DISBANDED

As of January 1st, 1999 the PWMS ceased to exist. President & Editor- Robert Brown was forced to bring about this action due to a lack of interest among the club members to step forward and accept some of the positions that needed filling. Listed below are the wood issues that Bob will give to anyone who would like to have them. He asks that you send an SASE and make sure that you have enough postage to cover the woods that you want. Bob also requests that you send the protection with your request that the woods can be mailed back to you in. Woods being given away are: 1995 picnic, 1995 Christmas party, 1996 picnic, 1997 picnic, 1997 Christmas party, 1998 picnic and a few of the woods for the 1998 Christmas party are still on hand. Send your request to: Bob Brown, P.O.Box 124, Highspire, PA. 17034

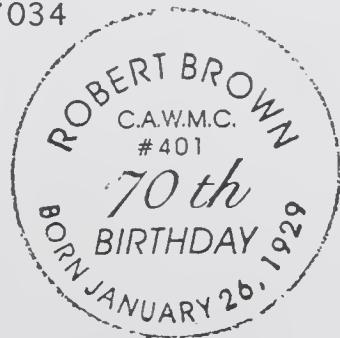

### **COLLECTOR WANTS TO SELL OFF HIS COLLECTION TO CLUB MEMBERS**

Jerry Zara has been collecting for over forty years and upon his retirement does not wish to collect wooden money. Jerry will send a page for an SASE or for \$1.00 he will send you the 30 pages that cover the woods that are for sale. The following are the issues & States that he wants to sell to collectors. Send your request for information to: Jerry Zara, 37 Everest Dr., Brick, NJ. 08724

### FROM THE EDITOR'S DESK

In an attempt to improve upon the format and layout of Bunyan's Chips, I signed up for a computer class back in early Feb.. Being it is Windows '95 and that I do almost all of the newsletter on a Macintosh set up I plan to move the work to my Packard bell computer around May or so. This means alot of trial and error on my part to improve upon the newsletter as it is now. I'll let you know far in advance when I'm starting to switch over so bear with me when I try to do so.....Robbin Quinn.....

## "PRESIDENT'S SAY"

The convention is fast approaching and if you have not made reservations I would suggest that you do so ASAP. The January newsletter has the information needed to make reservations at the motel 6 in Schiller Park, IL. which is about three miles from the Rosemont Convention Center. From the people I have been in contact with, there should be enough transportation from the motel to the center. I received word that member David Neisen (Communicate-It Ink) had an electrical fire in his press. A spokesperson for David indicated it will be 6 to 8 weeks before the press would be in operation again. Sorry to hear about your loss Dave! If the members wish to convey their sentiments, Dave can be reached at (210) 698-3830 or write to: Dave Neisen, 10445 Trailway Oak, San Antonio, TX 78240. Also, fellow member Robert Leberman, author of The Wooden Money of Washington, is recovering from surgery in a V.A. Medical Center in Vancouver, WA. Bob has been hospitalized since February 9th and is looking forward to getting home to Airway Heights, WA. in the near future. Bob's work on a Washington State Wooden Money book update is temporarily on hold until he finishes his convalescence. Bob is also working on a Montana Wooden Money Book which hopefully he will be able to complete in the not to distant future. If members wish to send their regards or correspond with Bob about wooden nickels of Washington or Montana he can be reached at P. O. Box 1758, Airway Heights, WA. 99001 As Virginia Dennis said in the last newsletter, time is getting short for your donations to be listed in the mail bid/auction before the convention. She would like to get your donations ASAP and avoid a last minute rush. Until next month----*Del Cushing*

WALTER SCOTT  
1925 TO 1999  
ELKTON, MD

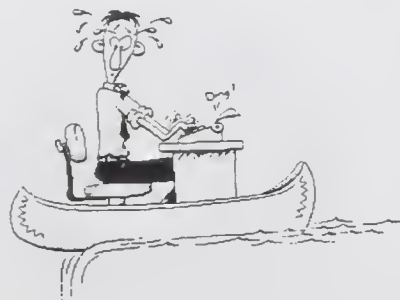

On April 14, 1999, Walter Scott or "Scotty" as known by most, died of cancer. Born on December 20, 1925 he resided in Elkton, Maryland all his life. Scotty dropped out of school though it never hindered his abilities and began to work with his father at the local paper mill where his father was the foreman. He soon discovered his own interest and became a self-taught electrician, working for McKew electric. Walter went to work for the Chrysler Corporation at their Newark, Delaware plant.

where he retired in 1984. He enjoyed many hobbies and took part in many organizations. Scotty was a Scout Master for the Boy Scouts, a member of the local Lions club and Cecil County Historical Society. Collecting wooden money being one of his favorite hobbies he gained recognition by "Ripley's Believe it or Not" for the largest collection. Walter also held offices and was a member of many clubs, P.W.M.S., D.W.M.C., A.N.A. and I.O.W.M.C. in which he was editor of Bunyan's Chips for 15 years. Scotty prided his self on his one great collection, his collection of friends and the lives he touched all over the world. I lost my best friend, my father and hero, as many of you. I find these words hard to say, but yet comforting. I am proud to honor my Grandfather. Though he may not be here in body, I know he is here in soul and spirit. Someone who has brought so many things to everyone's life and to guided them through their trials. His shoes could never be filled. I am left with happiness, love and pleasure to have had my life filled with his love. I know he is honored by all of those who have been there for him and his family. I'm sure everyone has the sweetest and kindest memories of him. Those memories and life itself is what he would want everyone to treasure.

By: Samantha Winward (Granddaughter)

When I took over the editor job, Scotty passed along some guide lines for me. Don't pick sides and cast your vote in the newsletter, never print anything that will harm a club member or the club, pick up the ball when no one else is willing to carry it, family and your job are first and take the good with the bad as the editor. Scotty once told me that he felt as if the club members were part of his family. When someone passed away he felt the loss as well. I have worked hard to use these guidelines as the current editor, and I now know how hard it is to write up about the loss of a friend that was a part of my family. I once read that you can measure the success of a person by how well they keep their family and friends, go out of their way to help others and bring about a change in your life by having just known the person. By these standards and many others. Scotty was a very successful person.

### FROM THE EDITOR'S DESK

I'm looking for an article out of the August 1998 issue of the Numismatist that covered a story about wooden money that was donated to the ANA museum. This will be found on page 967. If you have an extra copy please send it into Bunyan's Chips. In need of material for newsletter, has everyone moved back from Florida yet? The ANA is coming up fast, don't forget to plan on attending in August if your able!

### PRESIDENT'S SAY

(Reprinted from the February 1999 issue)

Once again this year for the convention in Chicago I have taken the liberty of blocking out a group of rooms for the wooden money collectors at a Motel 6 near the convention arena. It is at Motel 6, 9408 W. Lawrence Ave., Schiller-Park, IL, which is about (3) miles from the convention center. Rooms can be reserved by calling the motel directly at (847) 671-4282. The confirmation number is 55998. Remember to state that you are with the IOWMC. Driving directions are as follows: From East or West on I-90, Kennedy Expressway, take exit 79A South to Cumberland Ave. for 1 mile. Turn right onto Lawrence Ave. for 1 mile. The motel will be on the right side of you. From the South on I-294, take I-90 Eastbound to exit 79A and proceed as directed above. From the North on I 294, follow signs to O'Hare Airport and take O'hare/River Road exit. Follow the signs for River Road (exit 1B), turn right at stop light, the motel is 1 1/4 miles on the right. Hopefully there will be enough cars and drivers at the convention that we can car pool to Rosemount Convention Center and won't need taxi service. This year at the convention the ANA is offering the club a free table on the Mid-Way as opposed to last year in Portland. I believe that the table is a vital part of recruiting new members but it does have to be manned by volunteers. This year the stipulation is that those attending to the table must be ANA members. So I am asking members who are ANA members and willing to donate their time to talk to prospective members and hand out literature and other goodies to Please send me your ANA membership number so that I can register you for the table. We signed up a total of 14 new members at last years ANA convention. It was fun explaining to people that collecting wooden money takes on more of a meaning than "DON'T TAKE ANY WOODEN NICKELS". Many people who stopped by our table had never heard of "Legal Wooden Money" before. The display, which contained Tenino Wooden Money and other forms of Wooden Money, was quite different from the common wooden nickels which they were familiar with. It is my intent to bring that display to Chicago again and have it available at the club table.

Del Cushing- President IOWMC

If you know of a festival, annual event, coin club or other source of wooden money issue that has past issues for sale, have the information sent to the editor and they will be reprinted in the newsletter so that our new club members can start their collections. Send sell ads to: Bunyan's Ads, 5295 Beechwood Rd., Ravenna, OH. 44266

### "COFFEE TOKENS CATALOGED"

In March of 1997, Merlin K. Malehorn offered to sell a published catalog on coffee tokens. It lists over 2000 Sambo's, over 1000 wooden nickels with the word "coffee" on them and a few hundred metal, plastic & fiber tokens which have the word "coffee" in their inscriptions. The Sambo's section is fairly strong on pictures. One page samples are given on the other two sections as well. Since then a 20 page supplement has been issued to go with the catalog. Another supplement is going to the printers for 1998 that adds another 20 pages to the listing that shows more wooden nickels and Sambo's issues. The catalog sells for \$25.00 postpaid. The supplements are free to purchasers of the catalog. Send your request to: Merlin K. Malehorn, 6837 Murray Lane, Annandale, VA. 22003

INTERNATIONAL ORGANIZATION OF WOODEN MONEY COLLECTORS

JUNE 1999

ISSUE#6

## PRESIDENT'S SAY

As many of the members already know I specialize in collecting wooden money and exonomia primarily from the Northwest. Idaho, Montana, Oregon and Washington are the 4 states I concentrate my collecting interests on. The exception to this is a collection of Prince George, British Columbia woods. At a recent coin show in Vancouver, B.C. I found 10 pieces in a dealers stock. Only three were duplicates of the ones that I have dating back to the start in 1958. In the mail the other day I received a notice that the 1999 wood is being issued and is designated #151. Over the years the price for the woods has steadily increased, mainly for the taxes, postage and shipping costs. Where we used to pay \$2.50 is now up to \$3.87. For those not familiar with this series of woods, they are made of spruce wood (which is forested in that area) and are 3 inches in diameter by 1/4 inch thick. First issued back in 1958 they have become one of Canada's most sought after collectible. If you wish to obtain any of these woods, contact the Prince George Chamber of Commerce, 770 Brunswick St., Prince George, B.C., Canada, V2L 2C2 or call (250) 562-2454, ask for Louise Lissoway. I will be paying Prince George a visit this fall on my way to Prince Rupert and then on to Edmonton, Alberta to see friends and relatives. Have to go to the big mall in Edmonton for some shopping.

With less than two months to go before our convention in Chicago and you do not have reservations yet I would not wait to long to call the Motel 6 using the information furnished in the last Bunyan's Chips. If you need directions to the motel or the Rosemont Center from the various freeways, then contact me and I will see to it that a map will be made available to you. Mary and I will be in Chicago on the 10th of August to try and set up the club's table on the midway. If any member is there that day we should try and get together for dinner and chat about collecting woods from the different parts of the country. I'm looking forward to meeting members at the convention and don't forget we can still use some help manning the club table at the convention. Certainly isn't hard work and maybe you might enjoy talking to people passing by. Our hobby can only grow stronger and better if each member does what they can to help the club prosper by writing articles, recruiting new members or contributing positive ideas. Until next time! *Del Cushing*

Listing of the auction lots being offered to club members at time of this printing in this issue. Please take this opportunity to bid on the items that you would like to add to your collections. Virginia Dennis did a very nice job (and a heck of alot of work) putting this together for the members who are not able to attend our annual meeting!!!!

FROM THE EDITOR'S DESK

With the month of August being only two months away, I would like to remind our club members that there is no issue for the month of August. This is when I take a break from my monthly editor duties and attend the annual club meeting. ( I am going to be there this year by the way!) I'm donating two signs to the club for the auction. (lot #s 8 & 9) These are made of Bass wood, painted white, and have a business size sign hanging from a post with a cross arm. The size is small enough that you can display it from a book shelf or place it at the corner of a desk. It stands only 9" high on a 3" X 6" base that is a 1/2" thick. I've been making these for awhile, and many of the Ohio collectors have their personal wood issues mounted on them for display. I will have extra's for sale at the annual meeting and 50% of each sale will go to the club's general fund. I look forward to meeting many of you for the first time, and seeing some folks that I know as well! Sorry for the long delay in getting this months news letter mailed out. I've been working 12 hour days and have been ill for some time now. Until next month - The Editor

Mail them to: Virginia Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015- 8620

1997 - ONIDA (SULLY COUNTY), SOUTH DAKOTA

A special wood was issued for Sully County, Onida, South Dakota - 1997, for their 75th Anniversary. These woods were made and shipped; but due to the United Parcel strike these woods did not arrive in time for the City's Anniversary Celebration. They were returned to the manufacturer stating they had no use for them since the celebration was over; as this is when the woods were to be handed out.

A few pieces did get out. Pictured below is the wood. Members of IOWMC will have an opportunity to bid on this wood as it is one of the items listed in the auction that will be held during our annual meeting in August. (Auction list is featured elsewhere in this bulletin.) The wood is a TUIT, and purple in color. This may be your last chance to get one. Don't hesitate on submitting a mail bid if you want this piece in your collection.

**MAIL BID:** Listed below are the auction lots that I have on hand today. They will be sold at the annual meeting this August in Chicago, IL. This is my second attempt to publish, in Bunyan's Chips, auction lots that will be up for sale since the first one was well received by members who could not or were unable to attend our general meeting. Items listed are donations or on consignment. Items on consignment, if sold, IOWMC will receive 10% of sales. All money goes into IOWMC treasury. If you are unable to attend our meeting, here is an opportunity for you to bid on items you may need. All mail bids received will be the starting price of each lot at the meeting. Successful winner (if by mail) will have to pay postage and insurance fees. **ALL SALES ARE FINAL. ALL MAIL BIDS SHOULD BE RECEIVED BY JULY 19, 1999.** Write to Virginia Dennis, 1852 Golden Shadow Drive, Henderson, NV 89015-8620. NO bid under \$1.00 will be accepted. **PLEASE MAKE YOU BID BY LOT NUMBER.**

Bunyan's Chips Going To Four Page News Letter

To reduce the ever growing cost to send out the club news letter, the monthly format will change to the current 11" X 17" single fold I have been mailing. Such items as mail bids, large paid ads and the wood identification sheets will be placed as an insert page so that it can be removed for your added convenience. Material from the membership has declined rapidly over the past few years due to the lack of wood issues, paid ads, health and member involvement! By using this format means that I will hold some of the material received until another month to be placed in the news letter. (Editor)

Secretary would like to thank the members who sent in their dues!!!!

Back Issues of Bunyan's Chips For Postage Cost

One copy of each past news letter remaining on hand with the editor can be mailed or sent UPS for just \$7.00. Make check out to IOWMC. Send your request to the club editor address on front page of Chips.

## PRESIDENT'S SAY

The 35th Anniversary of IOWMC will soon be another memory. The annual General Meeting will be held on Friday, August 13, at 9:30 A.M. in Room 9. This reminder for the members is to encourage them to attend our get together and prepare to participate in the annual Raffle/Auction. Virginia Dennis has put together 146 lots from the material so generously donated by the membership. From what was in your last months Bunyan Chips, there will be something for everyone to bid on and take home with them. There will be some other lots at the Auction which are not listed in the bulletin. These are last minute donations so the only way that you will know what is there is to be there. I promise that the lots will interest collectors from most of the states in the Union. There will be some states not represented as the donor is maintaining his West Coast collection of Calif., Oregon, Wash., Mont, & Alaska. I will reveal this donors identity in the next bulletin along with the names of the other members who have contributed. Keep in mind that this Raffle/Mail Bid/Auction proceeds go into our club treasury and help to keep the dues at the present low price of \$5.00/yr. With the cost of printing, postage and other club costs going up each year, it is through your donations outside of the annual dues that keeps our club financially viable. As we move toward the New Millennium one of the challenges will be to try and keep costs down so that raising dues/year will be done only as a last resort. Another major challenge is recruiting new members and keeping them in the hobby. The last two years our hobby has lost some of it's most dedicated workers and officers. We can not continue to lose good people without replacing them with others willing to accept a little responsibility for the clubs direction. Not everyone can be a "Follower". I will get off my soap box before I get carried away and say that I look forward to meeting with collectors, that I have not had the pleasure of meeting before, in Chicago. Till Then. *Del Cushing*

HOPE TO SEE MANY OF THE MEMBERS IN CHICAGO ON AUGUST 11 THRU 15TH. Virginia Dennis

COLONIAL CRAFT FAIR WOOD ISSUES

The Middletown Area Historical Society held its annual Colonial Arts and Crafts Fair on June 12th and 13th, 1999. This was the 24th annual fair and the two woods shown below were issued to mark the event. Printed in black ink on both sides. Issues are available at \$1.00 per pair. Send your SASE to the Middletown Area Historical Society, P. O. Box 248, Middletown, PA 17057 (There might be past wood issues remaining for sale, request information along with your order) Ad from Bob Brown

Ken Paulsen sent in the following wood ads for our club members to add to their collections.

WEST VIRGINIA WOODS

The pictured woods were mentioned in a past issue of Numismatic News, however, that the reverses show it is a commemorative wood issue was not known. No price was quoted but received these woods with an SASE. Write to: Mr. Tim Miller, Parkersburg Coin Club, 4407 Powell Street, Parkersburg, PA 26104

If you know of official or semi-official woods issues, let the editor know about them and he will follow up

on putting together information for the club news letter. Thanks for the wood ads and wood stories.

NORTH DAKOTA WOOD ISSUE

The pictured ND wood is available for \$1.00 each plus an SASE from: Lehr Centennial Committee, P. O. Box 28, Lehr, ND 58460

COW CHIP THROW WOODS ISSUED

The annual Cow Chip Throw woods are still on hand for sale to collectors. Black ink printed on both sides. These wood issues come from Beaver County. Send 25 cents along with an SASE to: Chamber of Commerce, P. O. Box 878, Beaver, OK 73932. Some past wood issues are still available and you should ask about them when you send in your request

Collectors are starting to send in copies of wood issues to go into the news letter, please keep in mind that when you send in a copy of the wood it needs to be a light setting to keep the second copy from being a black spot in the news letter. Editor able to touch up some of the copies he receives but not all can be doctored up enough to be used.

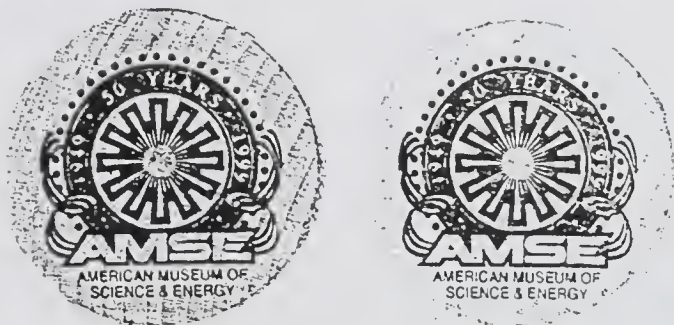

Please check your address label and contact the club editor if there is any error printed on it. Just drop a postcard with the information to be corrected. I'll up date during the month of August so that the next mailing will be correct. Editor

REMINDER TO OUR CULB MEMBERS THAT THERE IS NO NEWS LETTER BEING MAILED OUT FOR THE MONTH OF AUGUST--EDITOR'S MONTH OFF---

1949-1999 OAK RIDGE, TENNESSEE

The wood you found enclosed with your bulletin was issued by AMSE (American Museum of Science & Energy), Oak Ridge, TN for its 50th Anniversary on March 19, 1999

NV Black Obverse & Reverse is the same

The museum originally was called "The Museum of Atomic Energy." Oak Ridge, TN is the home of the "atomic bomb". At the time the bomb was used, it was necessary to save more deaths due to the war. Presently they are going forth with many other steps of safer means for the use of nuclear energy while also steadily updating and maintaining an arsenal of weapons so as to be able to keep our freedom. The museum has many interesting exhibits, both for adults and children. There is no admission charge; and it is open seven days per week.

The above information was sent to me by Joe C. Copeland, P. O. Box 4221, Oak Ridge, TN 37831 Phone: (423) 482-4215 Mr. Copeland stated he was thankful to Al Zaika, Bellmawr, NJ (CLM-24) for telling him about our organization and giving him my name and address.

Mr. Copeland collects and catalogs trade tokens from Tennessee; and also collects Tennessee centennial items. He is on the Board of Directors for the National Token Collectors Association.

We all should be thankful to him for supplying us with this semi-official wood for our collection. Also if you are interested in information about the N.T.C.A. drop him a line to the above address.

Submitted by Virginia Dennis

Editor's Note- If you receive your wood broken in this mailing, contact me by way of a postcard and I will replace it for you.

Russ Daisley has retired from the Air Force and has moved to Los Alamos, NM. The article printed below was sent in by Russ to share with fellow collectors.

RATTLESNAKE WOOD

By: Russ Daisley

The Rattlesnake Museum looks like a small "hole in the wall" located in "Old Town" Albuquerque, New Mexico. The museum is the home of over 25 species of live rattlesnakes and the museum highlights an albino Diamondback Rattlesnake. The museum is featured in the A&E TV program under the Wild Kingdom series. Not only are there rattlesnakes, poisonous living lizards and a few tarantulas on display, but a few non-poisonous reptiles as well. The theme of the museum is to educate people about snake/reptile venom, snake habits and to dispel the many "wives tales" about poisonous snakes. The museum Director has issued a wood. The obverse reflects Rattlesnake Museum/Albuquerque, NM with an uncoiled snake in the middle of the wood. The reverse shows a double ring with a money bag surrounded by the words one wooden buck. The wood is not dated and is printed in black ink both sides, no address is noted. The cost of the wood is 53 cents and sold as souvenirs. You can write to the Director, Rattlesnake Museum, "Old Town" 19th/San Felipe, Albuquerque, NM 87104, or contact them on the web by way of <http://www.rattlesnakes.com> to obtain a wood if you desire. However, the exciting part is to visit the museum and see the snakes for yourself...and...as an afterthought you can remember to purchase the wood in the gift shop.

I know each of you find a wood now and again at a fair, museum or community event. I would ask each of you to take 5 or 10 minutes it takes to write an article for the news letter. I know I would love to learn about the uncommon wood issues out there and the education gained is a very significant part of our hobby. Happy Collecting - Russ Daisley

**THE NEW MILLENNIUM**

Editor requested material about the article that was in The Numismatist in August 1998. This was a story about a donation to the ANA museum from the Bertha Howard collections. I received many copies about the article from many of our members and I thank all of you. I found it funny that none that responded to my request sent in the article without first making a copy of it. Woods used in the article will not copy well enough to be used in chips. If I am able to obtain good copies of the woods used in the article, I will make every effort to reprint this material in Chips for our membership to enjoy. Again, thank you to all who sent in the material I asked for. Editor

CHARLES V. KAPPEN R-254  
2201 PEACHTREE LANE  
SAN JOSE, CA 95128-1231

I was born on May 10, 1910 at Eureka Springs, AR, the son of William Gilbert and Charlotte Tempest (Vaughan) Kappen. I graduated from the W. H. Reid High School, E.S. in 1928 and entered the University of Arkansas as a freshman journalism student that same year. I earned degrees in journalism and mass communication at the University of Arkansas, Fayetteville, Ar and at the University of Wisconsin, Madison, WI. I have written six books, all of them on Numismatic subjects but one. One book is on the Kappen Family, a genealogy. Best seller among them has been So-Called Dollars (Dollar size

medals of world fairs, expositions and of notable anniversaries, etc. One other book, California Tokens, is now in its third printing. All are hardback books. Having accumulated a few wooden tokens of Arkansas, I did not start collecting tokens or wooden money until I started teaching at San Jose State University in 1948. During World War Two I served in the Army as a commander of a tank destroyer gun company, later as an instructor in tactics at the Tank Destroyer School located at Fort Hood, Texas. At 89 years of age and with some health problems now behind me, I'm ready to start work on listing my California Tokens. Mine has been a long and eventful life. I played saxophone once with John Philip Sousa, The March King's, famous band. As a journalist, I have talked with many very interesting people, including Al Capp, cartoonist of Li'l Abner fame; Sally Rand, fan dancer; Pretty Boy Floyd, desperado; Pancho Villa's secretary, and others. I became a full professor back in 1959 and was made professor emeritus upon my retirement. Material submitted by: Charles Kappen

## PORTRAITS FOR BUNYAN'S CHIPS

Portraits and material for such are needed by the club editor. By running portraits in Bunyan's Chips we are able to meet fellow club members, overcome the miles and health that keep many of us from meeting our fellow collectors. A photo is nice but is not required when sending in your portrait. Front page of each news letter is used for members portraits when they are submitted for such. If you would like to share yours with the club members then mail them into the editor. It is not easy for most of us to write about ourselves, but once you do it, you'll not have to do it again-- not for a while anyways.

~~~~~  
**PRESIDENT'S SAY:** The good Lord smiled on us at the convention in Chicago by bringing the temperatures down to comfortable levels. I don't want to think of what it would have been with the heat that Chicago suffered through the previous week or more. I grew up in Rockford, Ill. and can remember the hot and muggy summers. When Uncle Sam took me to the West Coast it gave me the reason not to go back except to visit my family still living there.

I don't believe that we had the foot traffic past our table this year that we had last year in Portland, Ore. Our location last year was between the main bourse and the tables reserved for the lower priced merchandise. This year we were off to one end and out of the main traffic pattern. This is not to say there were not individuals to talk to, just that they were interested in other collecting fields. I was not able to be there on Saturday & Sunday as I left Chicago early Saturday to drive to Northern Wisconsin. I have not corresponded with those that remained in Chicago for the two days.

The membership at the convention were appraised of the need to raise dues to \$7.50/year and responded by voting & accepting the recommended amount to begin for the year 2000. All the necessary means to reduce costs have been taken and we still faced a loss in the treasury. Printing and Postage costs have steadily risen over the years and even though club raffle, mail bids, donations and auctions have brought in funds it was not enough to offset the increases. Raising dues is not something that the board desired or wanted and it is hoped that we will not have to raise them again in the near future. It is my sincere hope that this will not prove a financial burden to some of our members and they decide to not rejoin the club for the New Millennium.

That's all for this time. Mary and I covered 5337 miles during our trip to Chicago and back by way of Canada. We are in the process of packing up for another 2400 miles through the Province of British Columbia. Hope to pick up some woods for my collection in Prince George or Prince Rupert, B. C.. Then on to Dawson Creek where the Alcan Highway has it's beginning. Till next time. *Del Cushing*

Auction was conducted by Del Cushing who was assisted by Floyd Thomas and Ken Paulsen. There were over 210 lots on the auction block and most of them sold. I haven't opened that suit case yet so I cannot give an exact total lots that did not sale. All unsold items will be used in our next raffle, if not before. Pres. Cushing brought bags of woods from 35 different states (each bag had woods totalling 3 to 45). These were donated by Allen Nystrom and all sold except for four states--Minnesota (9 pcs.), New Jersey (25 pcs.), New York (35 pcs.) and Indiana (15 pcs.); and a misc. bag (25 pcs). Ken Paulsen brought to the meeting nine different lots and all sold but one. Larry Hoeft brought a mystery box with some misc. woods, which brought \$5.50. We had five members send in mail bids--four were successful bidders.

Norma Montaigne shipped me a supply of IOWMC badges in memory of her father Al Bonsenio. These badges were given out at the meeting. I still have a few left and anyone wishing one can write me but be sure to send a SASE (55¢ stamp).

Thanks to Floyd Thomas, Ken Paulsen, Bill Snider and Wayne Dennis in drawing tickets for the door prizes--grand total of 65. I hope I have not overlooked anyone. If I have, please accept my apology, as it is certainly just an oversight.

On behalf of myself, the IOWMC Officers and Board Members, THANK YOU ALL for your continuous support to our great organization.

If any member is interested in making a bid on the state woods that did not sale, can write me. Rules set on this was a minimum bid of 10¢ per wood plus cost of postage. Write: Virginia H. Dennis, 1852 Golden Shadow Drive, Henderson, Nevada 89015-8620.

# "DON'T TAKE ANY WOODEN NICKELS"

(The True Story)

By David Neisen

Did you know that only 1 in 20 Americans has ever heard of, or has seen a wooden nickel? Did you know that there are seven commercial wooden nickel producers in the United States; and on the average - they produce between 35 - 38 million wooden nickels each year, combined? Did you know that there are only 3 mills that "turn" those wooden nickels, and all three are located in the northeast?

Did you know that **Communicate It Ink, Company** (the largest supplier of wooden nickels and wooden dollars to collectors)... did NOT suffer from a press fire, or natural flood, nor closed down to operate a retirement community?

In 1996, after turning around Mr. Berkie's ailing ELBEE Co. (known today as Old Time Wooden Nickels or Original Wooden Nickel Co.), I started the seventh commercial wooden nickel printing company in the United States, called **PAJALAD Mountain Enterprises, L.L.C** (or **PME**). **PME** is a wholesale supplier to advertising agencies around the world, and does not directly market or sell retail. Also at that time, I created a retail Advertising Specialty company called **Communicate It Ink, Co.** (or **CII**) to specifically promote and sell wooden nickels and wooden dollars to collectors and other groups such as; Boy Scouts, VFW organizations, and the like.

The objective of **CII** was to offer these value-based customers/collectors - wooden nickels and wooden dollars at a below-market price; without offending the retailers who were customers of **PME** (see price chart below).

The goal of this objective was as much inspired by Mr. Berkie's enthusiasm and continuation of his support of the collector hobby - as it was to learn as much about the history and interest in wooden nickels. In so doing, I have joined most Wooden Money or Token groups in Canada and the United States I can find; and I have come to know many collectors, who I feel I can call my friend.

At **PME**; we created a new, patentable and proprietary printing process; that allowed us to economically produce a better product, offer unique customization, and provide new printing enhancements - which were previously unavailable. In 1998, **PME** was awarded the Promotional Products Industry award as the "Technovator of the Year;" by the Advertising Specialty Institute. By the end of 1998, **PME** was just shy of becoming the world's largest wooden nickel company (based on wooden nickel volume of sales).

(over)

In December of 1998, I suffered a heart attack and required some additional cardiac surgery. Because of that; I decided to relinquish some of the reins of the company while I recovered, and I planned to form a new partnership for that restructuring. Unfortunately, I did not take the proper business precautions; and by February of 1999, I found that **PME** had basically been hijacked and stolen from my control. Now operating under a new name (*and there wasn't anything COOL about it*), the perpetrators of this theft attempted to produce wooden nickels and wooden dollars to maintain the revenue stream that they had stolen. Unfortunately, their product, price, customer service, and turn-around time, has disappointed everyone.

Though there is an ongoing criminal investigation by local law enforcement, the Postal Inspector, and the FBI... as well as a lawsuit filed on behalf of **PME**; I have sadly learned that justice is something you buy in this country - *and wooden nickels don't count*. In June, **PME** filed for bankruptcy. This action was taken by **PME** attorney's to elevate the litigation into federal court; thus providing stiffer consequences and a longer arm of the law.

---

The purpose of this open letter to the members of this organization, and those of you who have been customers of Communicate It Ink, Company... is to clear up the rumors, innuendo, and false statements made by those perpetrators, or others. Furthermore, I would like to apologize to those customers who have not received the type of service, product, or timeliness that you had come to know with **CII**, during these past 6 months.

As I re-establish a new business over the next few months to offer you the quality tokens and service that you received from **ME** in the past; I plan to write and submit additional information about the commercial wooden nickel business. These articles will inform you and provide you with a view of your hobby from the commercial aspect; that seems surprisingly missing from your organizations' newsletters. I hope this information will demonstrate ways to increase the hobby, benefit collectors, and show that there is a thriving interest in wooden nickels and wooden dollars... outside of the group's which represent the 140,000 wooden money/token collectors in Canada and the United States.

I appreciate the support from those of you that have been intimately aware of what has been going on since this calamity first started. And, I hope those of you who have been misinformed will understand... that with criminal investigations and civil litigation, it was best for me to keep silent until certain legal milestones were achieved.

The new enterprise that will provide you with the quality imprints, customer service, turn-around-times, and low prices you know *me* for... is called **IDEAS UNLIMITED, Co.** I hope you will give us the opportunity to make the best wooden nickels that you, your event, or your organization has had.

Thank you for your support and patronage.

## INTERNATIONAL ORGANIZATION of WOODEN MONEY COLLECTORS

## Minutes from the Board of Governors meeting held August 12, 1999

Meeting was called to order at 11a.m. by President Del Cushing. In attendance were Bill Snider, Floyd Thomas, Ken Paulsen, Virginia Dennis, Wayne Dennis, Gordon Donnell and Bob Fritsch. Bob was asked to take the minutes of the meeting.

The first order of business was to rename the Literary Award to read the Walter A. Scott Literary Award. The question was raised if this would mandate a change to the Bylaws, but it was determined that it did not. A motion was made and carried that the award is to be formatted as: IOWMC WALTER A. SCOTT LITERARY AWARD

The next order of business was the sponsorship of non-ANA meetings, specifically the Fostoria gathering. There was much debate about the conduct of that meeting. The consensus of the Board was that IOWMC should NOT financially support such gatherings. Unofficial locally sponsored IOWMC meetings are OK. A motion was made and carried unanimously that there be no financial involvement in any meeting other than the annual meeting at the ANA.

Increase of dues was discussed next. Following the debate, a motion was made and seconded that dues be increased by one dollar. An amendment was made and seconded that dues be raised to \$7.50. The amendment carried. Based upon this increase, the question was asked if Life Membership dues should also be raised. This would require a Constitutional amendment, and the subject was tabled.

The editor wants to raise the advertising rates for a full page ad. There was no resolution to this subject. President Del Cushing has received two huge collections to be sold and the monies donated to the club. He has one with him and it will appear in tomorrows auction. The other one will be segmented and sold for at least 10 cents per wood. Details of the sale will have to be worked out. The organization needs a secretary. President Del Cushing will propose his wife for the post.

The financial report was accepted as written. There were some member objections about the way the mail bids were handled at the annual auction. The resolution will be at the discretion of the auctioneer.

There being no further business, the meeting was adjourned at 12:10 p.m.

Respectfully submitted,  
Robert F. Fritsch  
Recorder

EDITOR'S DESK- SEPT.

The highlight of my trip to Chicago was in seeing that the literary award be named after scotty. As an editor following in his foot steps (and there are alot of them after 15 years!) I feel that he has and will always be a big part of our organization. Coming from a small town such as Ravenna, I can only sum up the six lanes of traffic I was in at Chicago as @#!\*#@!. The next time I have to sit through a second traffic light in town prior to getting through it, I will remember what I don't want to be in again real soon!

NEW WOOD ISSUES ARE SHOWING UP!

I've picked up some new official and semi-official woods during the past couple of months. Others are coming in thru the mail for Chips. These will be placed in the news letter as room is found for them.

OFFICIAL WOODS MAKING COMEBACK ?

I have found more new official wooden nickel issues in the past six weeks, than were in Bunyan's Chips all of last year. I'm trying to find enough of each issue so that members who want one will be able to purchase them. Watch the Oct. & Nov issues for listings of these new wooden money issues to have a write up about them. If you know of a new issue, then send in a good copy of the woods front and back, with information as to it's sale to Bunyan's Chips.

## "THE FIRST FIFTY YEARS"

Near Moline, Ill., in 1939 J.F. McCullough and his son Alex developed a semi-frozen dessert that millions have come to know as "Dairy Queen". It was born in the time when hard ice cream was king. And named in honor of the Cow, the Queen of the Dairy. In Hammond, Indiana, Harry Oltz was busy working on his new machine that would furnish a continuous flow of soft ice cream. In 1940 Harry Oltz patented his machine. An agreement was worked out with a company in Miami, FL., to build and distribute them through out the United States. Herb Noble, by chance, met the McCulloughs in 1938, which eventually resulted in the organization of both the "American" and "International Dairy Queen" institutions. Sharing their interest and experience in hard ice cream, they believed that the new soft product would be accepted by the consumers. Mr. Noble, was a man willing to lead the way, and he found a location in Kankakee, Ill., down by the railroad track to build his store. He hired an Ice Cream experienced couple, Jim and Grace Elliot, to manage the store. The Grand Opening was then planned. In August 1940 an ad was put in the newspaper offering all the Ice Cream you can eat for only ten cents. In mid 1946, a young entrepreneur named Harry Axene, felt a new way of doing business, called "franchising" was the way for "Dairy Queen" to go. Over a period of several years, Dairy Queen spread across the nation. Hard working men and woman pioneered this idea, of serving this new type of ice cream, investing their savings and dedicating their lives to the sign of a "Ice Cream Cone with a Curl on top". By the end of the 1940's, a young Californian moved to Georgia to open a Dairy Queen, sometime later this young man recognized that more volume was needed to keep individual stores alive and growing. He introduced the idea of fast food to be served with the ice cream and the "Brazier" system was born. In 1962 this food system was approved for International and American Dairy Queens, and in 1968 was approved by the Board of Territory Operations. The new Dairy Queen enterprise grew slowly due to the influence of World War Two. By the end of 1941 there were only three stores, by 1946 it had grown to 17 openings. With the war shortage behind them the Dairy Queen started to grow with 100 stores in 1947, 1,466 in 1950, and 2,600 in 1955. By 1990 there were over 5,000 Dairy Queen's in full operation. The wooden nickel program was started around 1975, though some stores used their own designs before this. The slogan on the reverse of the first ones read "LETS ALL GO"... and was changed to "WE TREAT YOU RIGHT" in 1980. ( Reprint from the Oct. 1990 issue of Bunyan's Chips)

### FOR SALE: A PICTURE GUIDE BOOK OF THE DAIRY QUEEN WOODEN TOKENS

by Robert M. Brown, Jr. Over 1,600 wooden tokens are shown on 130 pages plus 2 pages of other tokens and Dairy Queen memorabilia. Over 140 pages in all. Spiral bound with a cardboard cover. Cost: \$22.00 U. S. postpaid or \$34.00 Canadian postpaid from Bob Brown, P. O. Box 124, Highspire, PA 17034

I must sadly report that Charles V. Kappen, last months portrait person, has passed on. I had the pleasure of meeting Mr. Kappen at a show in San Jose, Calif. a few years ago. We exchanged information on transportation tokens and merchant tokens. The hobby will miss his dedication to cataloging tokens & medals. During my recent trip through out Northern British Columbia, I had the opportunity to visit with Louise Lissoway of the Prince George Chamber of Commerce, Home of the Spruce Dollars. I was allowed access to the files of some of the past history of the Spruce Dollars which I will try to put into an article for future publication. I am tracking down some information regarding a specially large Spruce Dollar sponsored by a business organization in Prince George. My personal search for wooden money was not successful. In fact I came away with out one wooden nickel or dollar. My conversations with coin dealers in the area produced nothing fruitful. They did tell me that the Spruce Dollars of the past years just do not seem to show up at all. The antique shops might see this collectible once in awhile. Unfortunately Mary and I did not have time to visit any as we were traveling a great deal to see the sights. Northern B.C. at this time of year is a blaze of fall color. The birch has turned to gold and will match the aspen of Colorado for intense show and beauty. Mixed with the reds & gold of alder and maple made for some pretty pictures.

While in Prince George visiting with Louise, a discussion about the Chambers wanting to put together a complete collection of the Spruce Dollars came up. Years ago the Chamber did not keep a copy of each dollar produced. It has only been in recent years that this practice was initiated. I told Louise that I would ask the members of IOWMC if they had extra copies or were willing to part with their collection to contact her or myself regarding donations. Negotiations for compensation for material must be with the Chamber of Commerce. Contact Louise at the following address: Louise Lissoway, 770 Brunswick St., Prince George, B.C. Canada V2L 2C2 (250) 562-6510 As a collector of this series of woods I would also like to hear from you. Till next time: *Del Cushing*

#### FROM THE EDITOR'S DESK

I would like to thank everyone who took the time to mail in material for the club news letter. So much came in that it will be used in the Nov. issue and some will have to be printed in parts until it is all used. Clint List tells me that he has alot of material for club mail bids to start us off next year. For your newer members- remember that ads are free and you can place one every month. This will help in reaching collectors who have sell & trade woods that you are looking for to start out the collections that you want to put together. Please note that Shelley Quinn is no longer secretary for IOWMC and Mary Cushing is the new secretary. Dues and

new member applications need to be sent to her. Robbin Quinn-Editor

Belle, WV 25015-1221

Bob was born on Sept. 19, 1950 in Marmet, WV. He was raised by his Great Aunt and Uncle, Mr. & Mrs. Thomas M. Smith. After graduation from East Bank High School in 1968, Bob went to work for the WV. Department of Highways (surveying). In July of 1974 he started work at the E.I. DuPont plant in Belle. This past July he celebrated his 25th year of service there. Bob started collecting at an early age going back to 1963. The wooden money issue from the West Virginia Centennial was the building block that started the wooden money collection that he has today. With over 900 different West Virginia issues as part of his collection, he hopes to complete the collection so that he can pass it down to his children. Back in September, Bob was featured in the Sunday Gazette-Mail under "Collecting Yourself" by Marina Hendricks. The above photo as well as one showing two types of wooden money were in the article. In addition to the wooden money, Bob also collects virtually anything and everything with a tie to the history of West Virginia.

One room in Bob's home is where you will find such things as diplomas, books, autographed photos and posters, team jerseys, stamps, ball caps, postcards, mugs, newspapers, campaign buttons, beer and soft drink bottles, fishing lures, paperweights and much much more. With his ever growing collection of West Virginia memorabilia, Bob is asked by area schools and celebrations to show and discuss parts of his collection. Due to his membership in IOWMC and that of the POWMT, many woods that have been added to his collection over the years, might not yet have been located if not for the contacts that he has had with fellow collectors and through club auctions. There's all different kinds of things you can collect and this is where you will find Bob when he feels the need to step into his hobby room and "just forget about things".

Editors Note\* If you have an article published in a local newspaper or such, send it to Bunyan's Chips for fellow collectors to know about. Our historian at the time is Virginia Dennis, also send a copy of the article to her for our club files.

PRESIDENT'S SAY

It has been mentioned before but is worth repeating again as we prepare to pay our dues for 2000. As stated in the minutes of the General meeting in Chicago, the membership approved an increase in the yearly dues to \$7.50/individual, \$4.00/associate or Junior at same address. We live in an age where inflation catches up to all people and organizations. This increase was unavoidable. It is the banquet season right now and Mary & I have been attending our fair share. Most banquets are not noteworthy enough to mention, but the South Thurston County Historical Society end of the season dinner, is the exception. Better known to wooden money collector's as, "The Tenino Museum". It was the first time that I was free to attend this annual dinner as I normally go to Canada for a show in Vancouver. There were 37 docents, regents and members attending the dinner which was catered by the Grub Stake Restaurant. Those members who went to the museum in 1998 with the group will remember the Grub Stake as the place we had lunch. Excellent food was had by all. Loren Ackerman, Society President, issued a report on the attendance at the museum for 1999. Seems there were 1920 visitors from 10 different countries and 22 states. This may seem like a small number of visitors as major museums go but they are in major cities with advertising budgets that we as members can only envy. I tip my hat to Loren, Shelly, Dennis, Cindy, Norm, Jeanne and all the others for their dedication to making the museum a friendly, entertaining and educational place to visit. If you are ever in the area make sure you stop by and say "hello".

Robert Leberman in Airway Heights, WA. is presently working on a Wooden Money Catalog of Montana. If you have wooden nickels from Montana and would make good copies or describe the pieces and send the information to Bob, I am sure he would appreciate the input. His mailing address is P. O. Box 1758, Airway Heights, WA 99001. Bob is the author of the Picture Book of Washington Wooden Money: Volume one and two. If you are interested in obtaining these volumes contact Bob. That's all for this time and have a Happy Thanksgiving. *Del Cushing*

For many years, Jerry Remick has supplied the above information to the club editor so that the club membership can contact the current wood printers and order their Christmas woods in time to mail out. Thank you Jerry for contacting each printer and sending this in to our news letter each and every year.

Don't forget to send a sample of your Christmas wood to go in Chips. Let the editor know if you just want it printed in the news letter or if you wish to trade / sell your wood. Past issues of the older Chips show that many members have printed up Christmas woods for many years to share with family and friends.

Flats mailed out don't become damaged as easy as round woods can going through mail machines.

From the club officers to all members of IOWMC, may your holidays be filled with joy and good times to remember!

ISSUE#11

## Merry Christmas

**PRESIDENT'S SAY:** Seems like we just brought in the New Year and already a new one is upon us again. Looks like the old saying of, "How time flies when you are having fun!", applies to collecting wooden money. I hope that all have been successful in obtaining many woods for your area of interest. I have managed to find some people to trade with and enhance my collection.

Some wooden money cataloging efforts which are under way can use the help of the IOWMC members. What is needed is: Size, Color of Obverse & Reverse, What does the Obverse say, What is on the Reverse (Buffalo, Indian, or what.) Zerox copies would be most appreciated if clear enough to read. Most copy centers have machines which allows you adjust the lightness or darkness of the wood. The following people are working on listings of these states.

If you have any from these areas try and correspond and help out. That is just part of being in the hobby and doing your part to expand our knowledge of what is out there. If you have an area of the hobby which you would like to catalog, Please, Let me know or Robbin Quinn. There are many areas which could certainly use some one to take a try at cataloging. I having personally been involved in producing several listings and a book of Merchant Tokens. Seemed like a lot of effort to start but that gave way to just the enjoyment of seeing the work in print and being referred to by other collectors. May your Holidays be joyful and the New Year Celebration be a safe one. I look forward to the new millennium and all that it can bring to us. The Twentieth Century brought changes to our world, both good and bad, and I believe the Twenty-First Century shall be just as exciting to watch for the changes which will occur. Till next time. *Del Cushing*

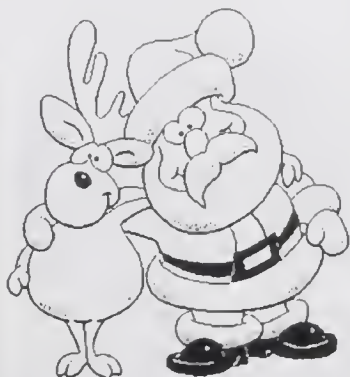

Ron will trade his Christmas issue one for one until supply runs out. Send your Christmas trade wood to: Ronald Lawrence, 22 Park Ave., Shirley, NY 11967-2337

May your Holidays be filled  
With warmth and goodness  
Which we hope will extend  
Throughout the New Year

## FROM THE EDITOR'S DESK

Christmas wood issues received prior to printing are in this news letter. The next issue will have what is received beyond this months cut off. I wait to long every year in hopes that more issues will come in before going to the printer. Have located some of the unknown officials I've been trying to hunt down. Will have these going into Chips starting with next years issue. Members who have sent Christmas woods to me with no information about going into the news letter, need to let me know if they want to give away, trade or sell them to others. I would like to take this space to say thank you to the many members who have sent in material for the news letter this past year. I look forward to being the club's editor in the year 2000 and putting out a good Bunyan's Chips with the help of the

membership. I've plans for more wood related articles to be in next years issues and with some luck we may see more official wood issues than in the past. Thank you again for the support that you have shown to me in my efforts to follow the guide lines that Scotty gave me. Robbin Quinn-Editor

#### CORRECTION FROM THE EDITOR

The wood issue pictured below was in the past two news letter issues. The copy in the Oct. issue was so dark that a free ad was placed in the Nov. issue. Please note that use of an SASE was not noted in the Nov. issue and is in fact needed to order this issue. I am sorry for any lost postage that my error may have cost the VA. Numismatic Assoc. Wood issues are 25 cents each plus an SASE from: Ginnie S. Aldridge, 515 Pinehurst Ave., Colonial Heights, VA. 23823
